

AVD Extended Workshop, Part 1

Intro into Ansible, Ansible AVD, Git and VSCode for new and existing AVD users

Petr Ankudinov

31/03/2024

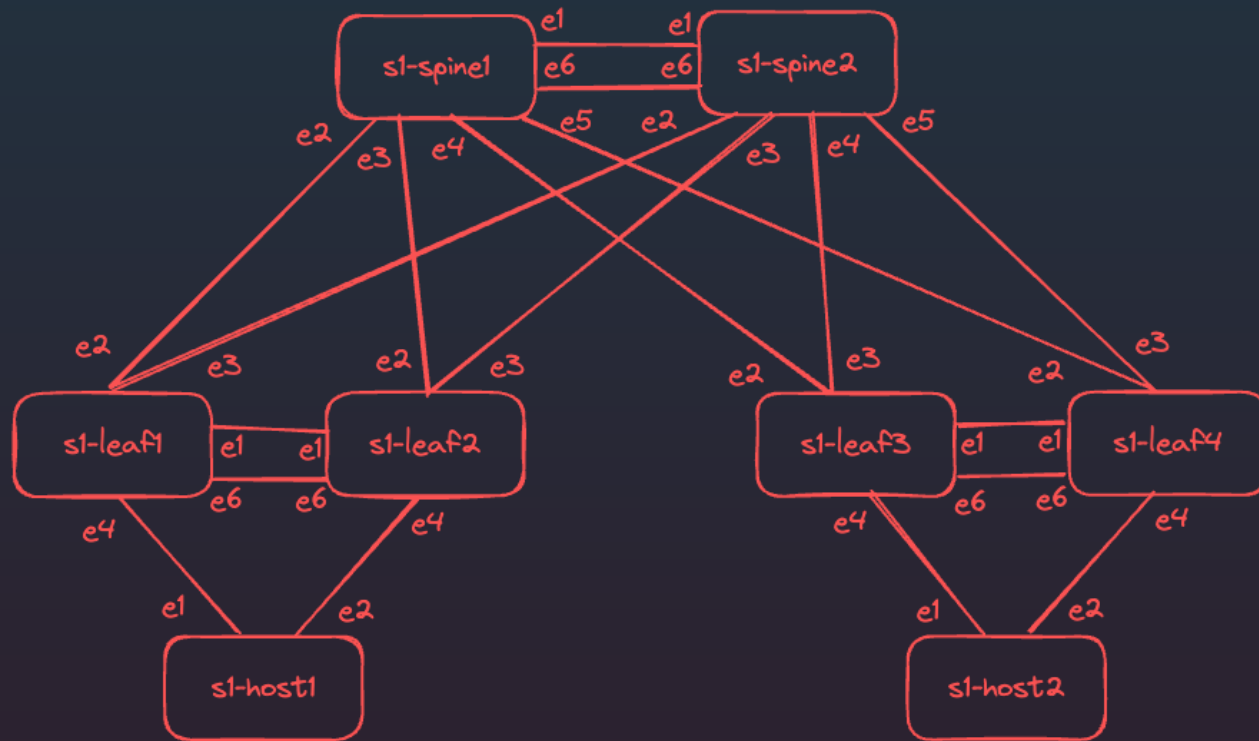

What is this Workshop about?

- This workshop is 3 sections:
 - Part 1, Intro:
 - Introducing the tools
 - Get the lab environment up and running
 - How to setup Ansible AVD environment
 - Run AVD playbooks
 - Make some changes in AVD repository
 - Part 2, Ansible and Git 101
 - Part 3, Common provisioning cases
- Each section requires around 2 hours to complete. The entire workshop can be complete in a single day or split into 3 seperate sessions.
- Make a break when you see a slide with a coffee cup ☕
- Ask questions at any time!
